

## **Mike Brown**

I had the honor of being in ministry with Pastor Don ("Pops") Brunk upon the opening of the Christian Center in Jackson. They were the days when we would see the Holy Spirit in our midst in worship and in our small congregation there was a sense of God's presence and love for one another. Pastor Don taught us to love one another unconditionally and he was the greatest example of just that. With Don and Josie as pastor's of this little fellowship we only knew love and cherished the presence of God in all of our lives. Pastor Don was one man who was not afraid to share the gospel with anyone and I remember how he boldly spoke the name of Jesus to anyone who would hear. I'm greatly honored to be by his side for the years I was with the Christian Center and I can think of no other person that would have been a better mentor to me than Pastor Don. I am a better man because of him.
